This paper is devoted entirely to the Sewing Machine interest. Copies will be supplied gratis to all interested.

N. B.—The unparalleled success of our Sewing Machines has induced several fraudulent imitations of them, besides numerous infringements of our patents—of which seven sixteenths of the whole number of Sewing Machines sold are infringements of our patents have recently been decided in our favor in the U. S. Circuit Courts in New York and New Jersey. In these cases the Judge, in charging the Jury, said: *"In order to secure to the Patentee the benefit of his invention, he is entitled to the exclusive use of the Machine, by a certain process, which is used in the Sewing Machine, and to prevent others from using the same, or substantially the same process, although they may vary the machine in its form, or in its mechanical construction."* We have also suits against them in several of the U. S. Courts, which will soon be tried. We hereby caution the public not to buy and use infringing Machines, as they can be compelled by law to stop using them, and to pay costs and damages.

Local Agents wanted to make sales of our improved sewing machines. To persons properly qualified for the business, a rare opportunity for profitable and pleasant employment is offered.

New and improved machines exchanged on liberal terms for old machines of every kind.

PROFESSOR WOOD'S

HAIR RESTORATIVE

IS, no doubt, the most wonderful discovery of this age of progress, for it will restore, permanently, gray hair to its original color, cover the head (of baldness with a good luxuriant growth, remove at once all dandruff and itching, cure all scurfiness, and other cutaneous eruptions, such as scald, tetter, &c. It will cure, pain in any nervous or spinal or dull headache, make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling to extreme old age.

The following is from a distinguished member of the medical profession:

1st Ear, January 21, 1855.

Professor O. J. Wood—Dear Sir: Considering, I send you the great Restorative. After being nearly bald for a long time, and having tried all the hair preparations extant, and spending much money without benefit, I was induced, on hearing of yours, to give a trial. I placed myself in the hands of a barber, and had my head rubbed with a good stiff brush, and the hairs were then applied and well rubbed in, till the scalp was yellow. This I repeated every morning, and in three weeks the young hair appeared, and grew quickly from. Adjured back to the present time, and it now looks black, and strong—soft and pleasant to the touch; whereas, when it was harsh, and wiry, what little there was of it, and that little was disappearing very rapidly. I think your restorative about the best article, and shall soon have a good and perfect one for hair. Now I feel much of these things,—and why has mankind not been benefitted as any case where any person's hair was really benefitted by any of the hair tonic, &c., of the day; and it really give me pleasure to extend the result of my experience. I have recommended your preparation to others, and will shortly have a large and general sale through our locality. I hope to be able to know its effects, and daily inquiries are made for it. Your supply first sent me, as wholesale agent is by the country is nearly exhausted, and daily inquiries are made for it. You deserve credit for your discovery, and I, for one, to urge you my thanks for the benefit me done me, for certainly, and despaired long ago ever obtaining me such result.

Yours, hastily,

J. W. JONES,

Firm of Bond & Kelley, Congress, 61, Pearl.

[From the Editor of the Real Estate Advertiser.]

Boston, 27 School street, March 20, 1855.

Dear Sir: Having become prematurely quite gray, was bald, and a fit needy, to make a trial of your Restorative. I have used one bottle only, but the gray hairs have all disappeared, and although my hair has not fully attained its original color, yet the process of change is gradually going on, and I am in great hopes that it will soon be dark as formerly. I have also found great relief in the healthy sensations and vigor of the hair, which before was harsh and dry, ready to break off as formerly.

Yours, cordially yours, D. C. M. RUPP.

Professor Wood.

Canton, Illinois, June 13, 1855.

I have used Professor Wood's Hair Restorative, and have about all its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of the Restorative, it has resumed its original color, and I have no doubt, permanently so.

THE GREATEST MEDICAL DISCOVERY

Of the Age.

Dr. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds, a remedy that cures

EVERY KIND OF HUMOR

From the worst Scrofula down to a common Pimple.

He has tried it in over 1100 cases, and never failed, except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a running sore mouth.

One to three bottles will cure the worst kind of Pimples on the face.

Two to three bottles will clear the system of Tetter.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of Erysipelas.

One to two bottles are wanted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the worst cases of ringworm.

Two to three bottles are warranted to cure the most desperate case of rheumatism.

Two to four bottles are warranted to cure the salt rheum.

For broken out bottles will cure the worst cases of scrofula.

A benefit is always experienced from the first bottle, and perfect cure is warranted when a reasonable quantity is taken.

Dr. Kennedy sold over a thousand bottles of this in the county of Boston. I know the effect of it in every case. Sooner or later will establish him, as sure will this remedy. I never sold a bottle of it but that sold another, after a trial it always speaks for itself. There are two things about this herb that appear to me surprising: first that it grows in the pasture in some places quite plentiful, and yet its value has never been known until I discovered it in 1844—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, will state that in April, 1853, I sold of it, and sold about six bottles per day—in April 1854, I sold over one thousand bottles per day of it.

Some of the wholesale druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for tumors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it in. I never suspected.

Several cases of epileptic fits—a disease which has always considered incurable, have been cured by a few bottles. Or what a misery if it will prove effectual in all cases of that awful malady—I am sure but few which are worse than it have.

I know of several cases of Dropsy, all of them aged people, cured by it. Certain various diseases of the Liver, Sick Headache, Dyspepsia, Ashma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly all Diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you can get, and enough of it.

DIRECTIONS FOR USE.—Adults one tablespoonful per day.—Children over ten years, dessert spoonful.—Children from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

The Principal Office for the State of Maine and the British Provinces, is at the Drugstore & Medicine Establishment of H. H. HAY, 159 Washington-st., *Market Square, Portland, Maine*, to whom all orders should be addressed. Sold by respectable Druggists throughout the United States and British Provinces.

PRICE $1.00.

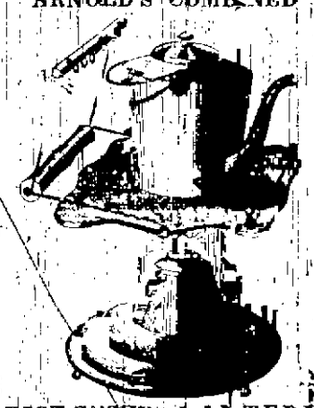
ARNOLD'S COMBINED



FOOT-STOVE, LANTERN

—AND—

NURSE-LAMP.

ALBERT NOYES having purchased the exclusive right for manufacturing and vending in Penobscot county, the above valuable invention, is now prepared to offer them to the public.

As a FOOT STOVE, it is by an excellent purpose, as it can be sufficiently heated in less than one minute to warm and dry the feet in the coldest winter weather, and will be found to be an indispensable article on every journey. It is heated by an oil, alcohol or fluid lamp, the use of which is protected from every external object.

As a LANTERN, it answers all the usual purposes and is less likely to be overset or get broken, and can be used as a lance lamp with equal advantage.

As a NURSE LAMP, and in cases of sickness, it is of great advantage in keeping drinks of medicines warm, inside giving the light desired, and for cooking in small quantities. For making tea, &c., it will be found very convenient, as a quart of water can be boiled in fifteen minutes, and a flat iron heat in the same length of time.

In fact, the various purposes to which this great apparatus can be put may be readily conjectured by every one. No further description is required, as no one can misunderstand its general utility. To say anything more concerning its adaptability to a hundred purposes would just as telling what the readers can all see at once for themselves.

Bilious Disorders and Liver Complaints.

Washington, D. C., Feb. 1, 1856.

DR. AYER: Sir—I have used your Pills in my practice and in my family for several years, and consider them the best cathartic we employ. They regulate the stomach and bowels, correct the secretions, and restore the liver to healthy action. In short, they seem to cure every complaint arising from a disordered condition of the digestive organs. Indeed, I have seldom found a case of disease in which they were not useful, when taken according to the directions you have given us.

DR. AYER: Your Pills are the perfection of medicine. They have driven my wife entirely from the field. I can tell you she had been sick and getting worse for months. We were off to the doctors at great expense, but to little benefit, when we were induced to try your Pills, which we soon found relieved her speedily. A few boxes of them cured her entirely. One of our children had been troubled with worms for a long time, and could get no relief. Your Pills soon worked them out, and left the child in perfect health. Our neighbors have used your Pills, and have been cured of Dysentery, Rheumatism, Liver Complaint, and Worms, and pronounce them the best medicine they ever took.

From Rev. A. Fry, Missionary of the M. E. Church.

PITTSBURGH, Pa., Nov. 1, 1855.

DR. AYER: Your Pills have cured me of Rheumatism, Neuralgia, and Gout, with which I had been afflicted for years. I had become helpless, and was confined to my bed, when I was induced to try your Pills. I did so, and in a few days found relief. I continued their use, and am now entirely free from pain, and able to perform my duties as usual. I have also used your Cherry Pectoral in my family, and find it the best medicine we have ever had for Coughs and Colds.

Yours, truly, A. FRY.

For Dropsy, Plethora, or Kindred Complaints, requiring a watery purge, take large doses of these Pills.

For Costiveness or Constipation, and as a Dinner Pill, they are the best in use.

First Suppression, Paralysis, Inflammation, Dizziness, and Partial Blindness, have been cured by these Pills.

Most of the pills in our market are worthless, as they contain Mercury, which, though it may give a sudden relief, is an active poison, and will ultimately destroy the constitution of any one who takes it.

AYER'S CHERRY PECTORAL

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

We need not publish the certificates of the wonderful cures this Pectoral has made in your neighborhood. Your druggist has them for gratuitous distribution, and will supply you with the antidote for your own particular ailment. Once tried, you will use no other after it, for when it has cured your cough, or relieved your child of croup, you will not be without it. Keep it by you, and relieve yourself and your children from the first symptoms of disease, and thereby escape dangerous illness, or even a severe spell of sickness. Many a life might be saved by timely precaution with this remedy. Prepared by

The County Convention.

We have since gone for the official proceedings of the Republican District and County Conventions, which will be found in our paper of to-day. The County Convention was very fully attended. All the towns in the county except two small ones were fully represented,—the number of delegates being nearly 400.—The feeling of the delegates was most enthusiastic and hopeful for the cause of Freedom, and the reports from all sections of such a nature as to give an earnest of carrying the county for the Republican candidates by a large majority, and the triumphant election of the County ticket. The nominations whose names are given in the official proceedings are men amply qualified for this station, to which they are nominated, and are fully identified with the great cause of freedom, in which we are all engaged. It is for the success of this cause we are all laboring. We stand upon that issue and that alone, and in that mind we must conquer.

A Willful Falsehood.

Herbert, a Know Nothing member of Congress, coming from a free State, has—Aye—

This is a palpable, deliberate and willful falsehood, and the editor of the Age knew it to be so when he put into it, just as well as he knows his own name. Herbert was elected a Democrat, had been voted with the Democrats in Congress, and when he murdered the poor Irish servant, the Democratic party in Congress, R. D. Fuller of this State included, voted that he had done nothing worthy of expulsion.

SUPREME COURT—*Wednesday, 20th.* Richard, Burke and Wilson Cove, indicted for breaking and entering the store of Mr. Hopkins of Lincoln, and stealing goods therefrom, and John Q. A. Cove for being accessory thereto before the fact, were brought up for trial. Burke plead guilty, and the trial of the others went on. The case will probably occupy several days. For the prosecution, County Attorney, Mr. Holland, assisted by Mr. Burnham. For the defence—Knowles, for William Cove, Waterhouse for J. Q. A. Cove.

ONE FLAG IN TOWN.—West Market square presented a nautical appearance last evening, upon the occasion of throwing to the breeze the largest and most elegant flag in Maine. Long before the arrival of the appointed hour, thousands of interested spectators congregated, and the windows of the adjacent buildings were crowded by ladies, besides many who ran hired upon the sidewalks. The flag is 62 feet long and thirty wide. Upon the Union is a figure of the goddess of Liberty resting upon a shield, upon which is inscribed the word "Liberty," under which is engraved another *Free* Star Kansas. The figure is surrounded by thirty-one stars, (not counting the one below, upon some democratic flags,) and is set up in fine style. At half past seven o'clock, amid the cheers of thousands and the waving of handkerchiefs from every window, the flag floated proudly in the breeze. On the bottom of the flag are inscribed the names of Fremont and Dayton, and on the inside, "The Union *shall* be preserved."

Colored portraits of Fremont and Dayton and Buchanan and Breckenridge have been issued in handsome lithograph by N. Currier, 148 Spruce Street, New York.

A committee was appointed from the several counties, to confer and report on the present and prospective rights of the several counties to present candidates for Representative to Congress, and the County that should present a candidate for Senator for the coming Presidential election.

Voted, To act on the candidate for Representative to Congress at 3 o'clock, P. M.

Adjourned to half past one.

AFTERNOON.

The Committee on Credentials reported 72 accredited delegates present from the Counties of Penobscot, Somerset and Piscataquis, 44 towns in Penobscot, 18 in Somerset, and 10 in Piscataquis were represented.

Mr. W. S. Stinson of Somerset, from the Committee of Conference, reported that Penobscot County was entitled to the candidate for Representative to Congress for the year 1856; Piscataquis for 1858; and Piscataquis for 1860; and that Somerset was entitled to the candidate for Elector for the coming election.

On motion of Gl. Carter, of Solon, Moses H. Pike, of Skowhegan, was nominated by acclamation, as candidate for Elector for this district.

On motion, Alexander Cutler of Penobscot, Hon. H. B. Woodbury, of Piscataquis, and Joseph Barrett of Somerset, were appointed a committee to receive, assort and count the votes for candidate for Representative to Congress.

Voted, To proceed to ballot for candidate for Representative to Congress.

While the ballot was being taken, at the request of the Committee on Resolutions, Hon. Nathan Wyman, of Dexter, was called to the Chair, and in a few appropriate remarks introduced Hon. Israel Washburn, Jr., of Orono, who addressed the Convention for about one hour in a very able manner, upon the present political issues of the day, and the duty of the Republicans of the District to support the nominations made by the Convention.

The following is the result of the ballotings for Representative to Congress:

	1st	2d	3d	4th	5th	6th
Whole number of votes	71	71	71	71	71	71
Necessary for a choice	36	36	36	36	36	36
Israel Washburn, Jr. had	36	36	36	36	36	36
Joseph H. Maxcy had	35	35	35	35	35	35

Mr. Washburn was declared duly nominated.

Mr. Ingersoll, from the Committee on Resolutions, reported the following, which were adopted:

Resolved, That on the election of members of the next National House of Representatives depend the best interests of the Territories, the prosperity and integrity of the Union, upon have arisen from the transgression of the Constitution in the section bearing that questions of right Kansas has been made a free or slave State—whether she shall or shall not be invaded by the hordes of lawless Missourians, determined that before Kansas shall become free, with her soil consecrated to free labor, with her citizens to manage their own affairs, and to form their own institutions, including slavery or not, as they please, they will lay waste her fields with fire and sword, murder her citizens, and shed rivers of blood; and

Resolved, That we regard the existence of disunion sentiment in the Union, in Southern men, unless Slavery can be carried into the National Territories, will be found to origin—that it has been a part of the policy of Southern men for more than twenty years, to threaten dissolution at any opposition to northern interests—it was their constant cry in the tariff controversy, and has been used by them ever since, when Southern policy has been opposed. And we believe they should be met with unflinching firmness, that the supremacy of freedom and the prohibition of Slavery in free territory implies no inequality in the States. Such doctrine is a libel upon the fair fame of the Republic, and an insult to the people of the nation. The national Democratic party has no more right to plant Slavery in Kansas by political intrigue, than the people of Maine have to have laws to prohibit the sale and use of spirituous liquors in South Carolina.

Resolved, That the republican party regard the Dred Scott decision of the United States as a charter of rights to the people of the States and Territories—that it was ordained and established by the people of the States, in order to form a more perfect Union, to establish justice, insure domestic tranquility, provide for the common defence, promote the general welfare, and secure the blessings of liberty to ourselves and our posterity; that it constituted us one people with a common destiny—that under this constitution a government has been established in which a majority must rule, and that all the constitutional rights of a minority are determined by immunities, from which they are not to be deprived by the sword—that if unsuccessful at the next national election, they will inaugurate a policy which shall give constitutional protection to all their rights in power, preserve the rights of America citizenship to the people of the States and Territories, and promote conflicting interests, and promote the peace and prosperity of the whole country.

Resolved, That the use of "*Southern Rights*" against the Republican party is a stale and false cry. It is the intervention of southern slaveholding forces, and not the rights of the South, to which the slaves, and office seekers, for selfish purposes, appeal. It is to preserve the blessings of liberty in the territories as national, as well as rights to secure it in the States. The great idea in Kansas is to govern herself, subject to nothing as regards matters of the blessings of liberty is possible. It is not the political agents and politicians for the organization of the Know Nothing party and its secret leaders in the Territories of the Union. Whether or not a territory shall obtain freedom is national question, and to be settled by Congress. The Republican party, in this sense, has espoused the side of the constitution, interprets the blessings of freedom, and the inherent principles of free institutions, as they are to be enjoyed in connection with conservatism.

Resolved, That the nomination of John C. Fremont for President and Hon. William Dayton for Vice President, by the Philadelphia convention, are highly honorable to the men, and will be hailed with enthusiasm and confidence by the people of the State, and that we pledge ourselves to use every honorable effort to secure their election.

Resolved, That we recommend to the Republicans of the State to support the nominations made by the Republican State Convention, and that we will use every honorable effort to secure their election.

Resolved, That the Republicans of the State of Maine have reason to be proud of the gallantry which marks the pilot that will weather the storm. His life and times are of adventure and hardship and suffering in the service of the Republic, and he is liable to meet with great honors.

Resolved, That Maximilian Morrill has been faithful and upright, both in and out of the Senate, to the principles of new profession and resisting the aggressions of office and power, he has chosen rather to cast his lot with the people of Maine, who will see that he is properly cared for in the present campaign.

Resolved, That Israel Washburn, Jr. deserves well of the country—that the people of this District have found in him an able, honest and faithful representative, and would have no vote he had given changed. He has been faithful to the interests of the people who will sustain him by a triumphant election.

The following gentlemen were appointed District Committee:

S. F. Brickland,
A. W. Chabin,
Lyndon Oak,
Wm. E. Snow,
Calvin Stubbins.

The meeting in the church was addressed by John E. Godfrey of Bangor, and Hon. R. M. Thurston of Kansas.

Cheap & Convenient Building.

Door, Sash and Blind Factory.

A. DUNBAR

HAS been very successful in completing several contracts for Door Frames, Doors, Window Frames and Sashes, and Blinds, for good dwelling houses and other buildings to be erected in this city, the coming season. He has excellent workmen in his employ, and has super or stock, so that he is now able to supply to those about to build the best articles of Doors, Frames, Window Frames, Sashes, and Blinds, made to any dimensions and of superior quality, either for a whole building or for a less quantity. The trouble and expense of building is very much lessened by having these articles made separately, so that the carpenters have only to put them in their places in the structure.

The business has now become so well established that only a small margin will be left for knowing beforehand the cost of a dwelling-house, while the work is of a uniform specific quality.

Any one interested can examine specimens of the work at the factory, near the Rose Place, or at the store of M. S. Jackson, on Exchange st., and at either place any article may be obtained in large quantities ordered.

Mr. Dunbar is also prepared to furnish Window Blinds ready painted, and will hang them at the shortest notice.

By long experience, and by determined perseverance, the subscriber is now enabled to suit his customers, both in quality and price, and as well organized in the business that no man should now think of building in the old and slow and imperfect methods.

HELMBOLD'S GENUINE PREPARATIONS

HELMBOLD'S
HIGHLY CONCENTRATED

Compound Fluid Extract Buchu.

IS A CERTAIN, SAFE, AND EFFECTUAL REMEDY

For Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weakness, Secret Diseases, Obstructions, Female Complaints,

and all Diseases of the Sexual Organs, whether in MALE OR FEMALE,

from whatever cause they may have originated, and in No Matter of How Long Standing.

This popular and specific remedy is now offered to the afflicted, and guaranteed to cure all the above complaints. It searches out the very roots of the disease, driving out all the diseased fluids of the body, thus removing the cause and rendering the cure

Certain and Permanent.

This medicine allays pain and inflammation, which other remedies invariably cause, and can be taken with less trouble and exposure to patient. This infallible remedy has saved thousands upon thousands from the hands of

Skeptics Quacks,

and from premature graves. In cases of infection, the Compound Buchu is the only article worthy of the least confidence of the afflicted in preventing

SAFE CURES.

It contains no mercury, or other injurious drug, but is a purely VEGETABLE COMPOSITION. It is very agreeable to the taste, contains no perceptible odor, and may be taken by persons of either sex without hindrance from business or medical advice, as plain directions for use accompany the medicine. Reader, if you have any of the above complaints, do not neglect them.

Delays are Dangerous.

With this medicine you can cure yourself, and thus prevent all exposure.

Truth what it will prevail.

This medicine speedily and effectually cures the most virulent form of spermatic diseases and eradicates every particle of infections matter from the patient, and perfect state of *Health and Purity.* And is a medicine which must behold everybody, from the simply delicate to the confirmed and desperate invalid, as equal to be found, acting both in *Cure and Preventive* of any of the diseases named.

HELMBOLD'S
HIGHLY CONCENTRATED

Compound Fluid Extract Sarsaparilla,

Purifying the Blood, removing all humors arising from the use of Mercury, Excesses, and Irregularities of life, chronic constitutional diseases arising from the impurities of the Blood, and the only reliable kind of extract Sarsaparilla for the cure of Scrofula, Salt Rheum, Ulcerations of the Throat and Legs, Pimples and Sores, Blotches of the Bones, Tetter, Pimples of the Face, and all Scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that, notwithstanding the many years they have been extensively used in all parts of the United States, and have given satisfaction to the highest degree of gratification in every instance in which they have been employed, either in town, country, or private practice, they have in every case given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the respective recommends. Numerous preparations of Sarsaparilla and Buchu, and various modes of preparing them have been given, all of which it would be useless to refer to the merits of preparation which each individual may adopt.

The medicines require considerable care in the preparation, and the employment of different menstrua in each active operation to take up the extractive matters, and, consequently, are more frequently improperly made and not sufficiently much impaired, if not rendered totally inert, by the amalgamation with mucilaginous and nauseous substances used with all unnecessary preparations. This, therefore, of the highest consideration and one entirely to the public and to the faculty, that the public should be satisfied from instances of uniform strength and possessing the most extraordinary effects, and to reject the use of all such medicines. We have taken a number of experiments to ascertain the most effectual manner of extracting the virtues of the Sarsaparilla and the Buchu, and to discover the menstruum to form by their exhibition, like experiments have resulted most favorably, and it is with much pleasure I now announce the public and the faculty my Concentrated Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and are the most active preparations which can be made. Two table spoonfuls of the Fluid Extract Sarsaparilla added to a pint of water is equal to the Lisbon diet drink, and one bottle (usually contained in one dollar) of Syrup Sarsaparilla or decoction, as usually made.

There are also remedies for those more delicate and deranged conditions which a lady finds it hard difficult to discover, but yet a freedom from which constitutes the main to the happiness and enjoyment of life.

The Medicines are prepared in the form of large Sugar Pellets, one of which is sufficient for the largest dose, and put up in boxes properly labelled. Each box contains 30 or 40 Pellets, and 15 Vials, for the different kinds, are enclosed in a case, accompanied with a small Manual of Book of Directions, giving a concise description of the diseases treated, and directions for giving the medicines, diet, &c., necessary for a cure. Cases, also, containing four or six of the small boxes, are put up, which may be supplied with any of the different kinds at the option of the purchaser.

The following are the numbers of Specific Homœopathic Medicines,—In prescribing other Homœopathic Medicines a dozen or twenty will be recommended for a cough, headache, diarrhœa, or fever; and much care, study, and discrimination is required to select the proper one. But here you have a Specific Remedy for each particular disease, and hence are able to use them with benefit and precision without that labor and study which the business man is so fully able to bestow, and without that research and examination which, to the mother, nurse, or invalid, is so perplexing, annoying, and unsatisfactory. The advantages are so obvious as to recommend them to all.

Prepared by Dr. F. HUMPHREY, Auburn, N. Y., and sold by C. B. WALKER, Agent for Maine, at 34 Main street.

AYER'S CHERRY PECTORAL,

FOR THE RAPID CURE OF

Colds, Coughs, and Hoarseness,

HOWARD, Mass., Dec. 15, 1855.

DR. J. C. AYER: I find the Cherry Pectoral the best remedy I have ever used for Coughs, Hoarseness, Influenza, and incipient consumption. Its Cherry Pectoral is the family physician of my house, and has been for many years. Its timely use has saved us much suffering and large doctor's bills. Yours, truly,

E. ROCKWELL.

A. ROBINSON, Esq., of Cincinnati, O., says he used your Pectoral for a severe Cough, and found it to be the best medicine he ever took for the purpose. He says he thinks it will save consumptives by the thousands, if they will only take it in season.

Croup, Whooping Cough, Influenza,

BRIDGEPORT, Conn., Feb. 1, 1856.

DR. AYER: I feel it my duty to inform you of the wonderful effects of your Cherry Pectoral in the case of my child. She was attacked with the Croup, and before I could get a physician to visit her, she was in the most violent paroxysm of suffocation. I gave her a dose of your Pectoral, which relieved her instantly, and a few doses more cured her entirely. Yours, truly,

JAMES LEE.

I find your Cherry Pectoral to be the best remedy for Coughs, Colds, Croup, Influenza, and Bronchitis, that I have ever used in my practice. I have no hesitation in recommending it to my patients and the public. Yours, truly,
